

ATTACHMENT Q

EIM

1. General Provision - Purpose and Effective Date of Attachment Q

Attachment PQ provides for Transmission Provider's participation as the PGE/BPA EIM Entity in the EIM administered by the MO. ~~Attachment P shall be in effect upon its acceptance by the Commission, with the exceptions provided below, for as long as Transmission Provider implements the EIM and until all final settlements are finalized resulting from such implementation.~~ Sections 4.1.5, 4.1.6, 8 and 10 of this Attachment PQ take effect ~~no earlier than October 1, 2017~~ on the date the EIM goes live in the BPA BAA, or the implementation date of Transmission Provider's participation in the EIM, whichever is later. All other sections of this Attachment PQ take effect no earlier than ~~July 25, 2017 or seven (7) days prior to the start of parallel operations~~ date the EIM goes live in the BPA BAA.

This Attachment PQ shall apply to all Transmission Customers and Interconnection Customers, as applicable, with new and existing service agreements under ~~Parts II and III and~~ Attachments MA, F, L and ON of this Tariff. To the extent an Interconnection Customer controls the output of a generator located in PGE's/BPA's BAA, the PGE/BPA EIM Entity may require the Interconnection Customer to comply with a requirement in this Attachment PQ that on its face applies to a Transmission Customer to the extent that the PGE/BPA EIM Entity makes a determination, in its sole discretion, that the Interconnection Customer is the more appropriate party to satisfy the requirements of Attachment PQ than any Transmission Customer.

This Attachment PQ shall work in concert with the provisions of the MO Tariff implementing the EIM to support operation of the EIM. To the extent that this Attachment PQ is inconsistent with a provision in the remainder of this Tariff with regard to the PGE/BPA EIM Entity's administration of the EIM, this Attachment PQ shall prevail.

This Attachment PQ governs the relationship between the PGE/BPA EIM Entity and all Transmission Customers and Interconnection Customers subject to this Tariff. This Attachment PQ does not establish privity between Transmission Customers and the MO or make a Transmission Customer subject to the MO Tariff. Any Transmission Customer duties and obligations related to the EIM are those identified in this Tariff, unless the Transmission Customer voluntarily elects to participate directly in the EIM with PGE/BPA EIM Participating Resources, in which case the MO Tariff provisions for EIM Participating Resources and EIM Participating Resource Scheduling Coordinators shall also apply.

2. Election of Transmission Customers to become BPA EIM Participating Resources

The decision of a Transmission Customer to participate in the EIM with resources as [PGE/BPA](#) EIM Participating Resources is voluntary. A Transmission Customer that chooses to have a resource become a [PGE/BPA](#) EIM Participating Resource must:

- (1) Meet the requirements specified in Section 3 of this Attachment [PQ](#) and the [PGE/BPA](#) EIM BP;
- (2) Become or retain a MO-certified EIM Participating Resource Scheduling Coordinator; and
- (3) Follow the application and certification process specified in this Attachment [PQ](#) and the [PGE/BPA](#) EIM BP posted on the Transmission Provider's OASIS.

Transmission Customers which own, control, or market multiple resources may elect to have any or all of their resources be [PGE/BPA](#) EIM Participating Resources, in which case any resources that ~~are not elected by~~ the Transmission Customer does not elect to be [PGE/BPA](#) EIM Participating Resources shall be treated as Non-Participating Resources for purposes of this Attachment [PQ](#).
