Proposed Action: Seven-H Reserve Property Acquisition and Stewardship Funding

Project No.: 2011-003-00; BPA-012397

Project Manager: Corrie Veenstra – EWL-4

Location: Yamhill County, Oregon

Categorical Exclusion Applied (from Subpart D, 10 C.F.R. Part 1021): B1.25 Real property transfers for cultural resources protection, habitat preservation, and wildlife management

Description of the Proposed Action: Bonneville Power Administration (BPA) is proposing to fund the Yamhill Soil & Water Conservation District to purchase Seven-H Reserve, which is a 326-acre parcel of land located about 5 miles west of McMinnville in Yamhill County, Oregon. BPA would hold a conservation easement to permanently protect, mitigate, and enhance fish and wildlife and their habitat. BPA would also provide stewardship funds toward land management and maintenance of the property to the Yamhill Soil & Water Conservation District. This purchase would specifically satisfy some of BPA’s commitments made in the 2010 “Willamette River Basin Memorandum of Agreement Regarding Wildlife Habitat Protection and Enhancement between the State of Oregon and the Bonneville Power Administration”.

The property consists of over 7 acres of riparian habitat associated with a ponds and ephemeral streams, and the remainder of the site is conifer or mixed deciduous forest, grassland, and oak woodland. The Yamhill Soil & Water Conservation District would develop a land management plan to guide the protection and enhancement of habitat and other resources on the property. The land management plan would be completed within 18 months of closing. The management plan would be reviewed by BPA for consistency with the conservation easement and the purpose of the acquisition. If BPA proposes to fund any additional activities on the property, further environmental review may be conducted.

Findings: In accordance with Section 1021.410(b) of the Department of Energy’s (DOE) National Environmental Policy Act (NEPA) Regulations (57 FR 15144, Apr. 24, 1992, as amended at 61 FR 36221-36243, Jul. 9, 1996; 61 FR 64608, Dec. 6, 1996, 76 FR 63764, Nov. 14, 2011), BPA has determined that the proposed action:

1) fits within a class of actions listed in Appendix B of 10 CFR 1021, Subpart D (see attached Environmental Checklist);
2) does not present any extraordinary circumstances that may affect the significance of the environmental effects of the proposal; and
3) has not been segmented to meet the definition of a categorical exclusion.
Based on these determinations, BPA finds that the proposed action is categorically excluded from further NEPA review.

Attachment(s): Environmental Checklist
Categorical Exclusion Environmental Checklist

This checklist documents environmental considerations for the proposed project and explains why the project would not have the potential to cause significant impacts on environmentally sensitive resources and would meet other integral elements of the applied categorical exclusion.

**Proposed Action:** Seven-H Reserve Property Acquisition and Stewardship Funding

**Project Site Description**

The 326-acre Seven-H Reserve property located in Yamhill County, Oregon is currently privately owned and BPA would fund the purchase by the Yamhill Soil & Water Conservation District at closing; over 220 acres of conifer or mixed deciduous forest, 70 acres of grassland/oak savanna, 18 acres of oak woodland and 7 acres of riparian and wetland habitat provide refuge for species such as western gray squirrel, acorn woodpecker, western bluebird, western pond turtle, and ESA-listed Kincaid's lupine. Historically, the property has been managed for grazing, timber production, hay production and wildlife habitat.

**Evaluation of Potential Impacts to Environmental Resources**

1. **Historic and Cultural Resources**
   
   Potential for Significance: No
   
   **Explanation:** There would be no effect due to the purchase of the property and conservation easement acquisition, which includes transfer of title and the creation of a conservation easement. To the extent that future activities on the property may have an effect, it is expected that the Yamhill Soil & Water Conservation District would comply with all applicable laws and regulations.

2. **Geology and Soils**
   
   Potential for Significance: No
   
   **Explanation:** See explanation for #1 above.

3. **Plants (including Federal/state special-status species and habitats)**
   
   Potential for Significance: No
   
   **Explanation:** See explanation for #1 above.

4. **Wildlife (including Federal/state special-status species and habitats)**
   
   Potential for Significance: No
   
   **Explanation:** See explanation for #1 above.

5. **Water Bodies, Floodplains, and Fish (including Federal/state special-status species, ESUs, and habitats)**
   
   Potential for Significance: No
   
   **Explanation:** See explanation for #1 above.
6. Wetlands
   Potential for Significance: No
   Explanation: See explanation for #1 above.

7. Groundwater and Aquifers
   Potential for Significance: No
   Explanation: See explanation for #1 above.

8. Land Use and Specially-Designated Areas
   Potential for Significance: No
   Explanation: See explanation for #1 above.

9. Visual Quality
   Potential for Significance: No
   Explanation: See explanation for #1 above.

10. Air Quality
    Potential for Significance: No
    Explanation: See explanation for #1 above.

11. Noise
    Potential for Significance: No
    Explanation: See explanation for #1 above.

12. Human Health and Safety
    Potential for Significance: No
    Explanation: See explanation for #1 above.

**Evaluation of Other Integral Elements**

The proposed project would also meet conditions that are integral elements of the categorical exclusion. The project would not:

**Threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders.**
   Explanation: N/A

**Require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators) that are not otherwise categorically excluded.**
   Explanation: N/A
Disturb hazardous substances, pollutants, contaminants, or CERCLA excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases.

Explanation: N/A

Involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements, such as those of the Department of Agriculture, the Environmental Protection Agency, and the National Institutes of Health.

Explanation: N/A

**Landowner Notification, Involvement, or Coordination**

**Description:** Notification letters will be sent to adjacent landowners and other interested parties at a minimum of 15 days before the closing date (proposed closing date December 15, 2021) of the sale. Ads will also be posted in local newspapers, and information will be posted on BPA’s public website prior to closing.

Based on the foregoing, this proposed project does not have the potential to cause significant impacts to any environmentally sensitive resource.
