REPLY TO ATTN OF: KEC-4

SUBJECT: Environmental Clearance Memorandum

TO: Jason Karnezis
   Project Manager – KEWL-4

Proposed Action: Kerry Island property funding

Fish and Wildlife Project No. and Contract No.: 2010-073-00, BPA-006247

Categorical Exclusion Applied (from Subpart D, 10 C.F.R. Part 1021): B1.25 Real property transfers for cultural resources protection, habitat preservation, and wildlife management

Location: Township 7 North, Range 5 West, Section 6 and Township 8 North, Range 5 West, Section 31, Columbia County, Oregon

Proposed by: Bonneville Power Administration (BPA)

Description of the Proposed Action: BPA proposes to fund Columbia Land Trust (CLT) for the purchase of 109 acres of property, referred to as Kerry Island in Columbia County, Oregon. CLT would own and manage the Kerry Island property for fish and wildlife conservation purposes and BPA would receive a conservation easement to ensure that the habitat values on the property are always protected.

This funding is being provided as part of BPA’s efforts to assist with restoration activities for threatened and endangered salmon and steelhead in the region. Purchase of the property would allow CLT to undergo activities intended to restore estuarine wetlands and floodplains to their historical condition. Activities are likely to include: removing ditches and dikes, re-creating historic side channels, installing large wood, controlling invasive weeds, and planting native vegetation. The overall goal is to improve habitat for migratory fish, such as coho, chum, Chinook, and steelhead.

CLT would provide long-term stewardship for the land and would develop a management plan to guide the protection and enhancement of habitat and other resources on the property. Prior to any funding of management activities, BPA would conduct further environmental review.

Findings: BPA has determined that the proposed action complies with Section 1021.410 and Appendix B of Subpart D of the Department of Energy’s (DOE) National Environmental Policy Act (NEPA) Regulations (57 FR 15144, Apr. 24, 1992, as amended at 61 FR 36221-36243, July 9, 1996; 61 FR 64608, Dec. 6, 1996, 76 FR 63764, Nov. 14, 2011). The proposed action does not present any extraordinary circumstances that may affect the significance of the environmental effects of the proposal. The proposal is not connected [40 C.F.R. 1508.25(a)(1)]
to other actions with potentially significant impacts, has not been segmented to meet the
definition of a categorical exclusion, is not related to other proposed actions with cumulatively
significant impacts [40 C.F.R. 1508.25(a)(2)], and is not precluded by 40 C.F.R. 1506.1 or
10 C.F.R. 1021.211. Moreover, the proposed action would not (i) threaten a violation of
applicable statutory, regulatory, or permit requirements for environment, safety, and health,
(ii) require siting and construction or major expansion of waste storage, disposal, recovery, or
treatment facilities, (iii) disturb hazardous substances, pollutants, contaminants, or
Comprehensive Environmental Response, Compensation and Liability Act-excluded petroleum
and natural gas products that pre-exist in the environment such that there would be uncontrolled
or unpermitted releases, (iv) have the potential to cause significant impacts on environmentally
sensitive resources, or (v) involve genetically engineered organisms, synthetic biology,
governmentally designated noxious weeds, or invasive species, unless the proposed activity
would be contained or confined in a manner designed and operated to prevent unauthorized
release into the environment and conducted in accordance with applicable requirements.

This proposed action meets the requirements for the Categorical Exclusion referenced above.
We therefore determine that the proposed action may be categorically excluded from further
NEPA review and documentation.

Environmental Checklist for Categorical Exclusions
Environmental Checklist for Categorical Exclusions

Name of Proposed Project: Columbia Land Trust – Kerry Island Land Acquisition

Work Order #: 2010-073-00, BPA-006247

This project does not have the potential to cause significant impacts on the following environmentally sensitive resources. See 10 CFR 1021, Subpart D, Appendix B for complete descriptions of the resources. This checklist is to be used as a summary – further discussion may be included in the Categorical Exclusion Memorandum.
