REPLY TO ATTN OF: KEC-4

SUBJECT: Environmental Clearance Memorandum

TO: Dorie Welch
Project Manager – KEWM-4

Proposed Action: Chahalpam Phase II property funding

Fish and Wildlife Project No.: 2011-003-00, BPA-007521

Location: Stayton Quadrangle, in Marion County, Oregon (near Stayton, Oregon).

Proposed by: Bonneville Power Administration (BPA)

Description of the Proposed Action: BPA is proposing to fund the Confederated Tribes of Grand Ronde’s purchase of the Chahalpam Phase II property (Property), a 91-acre parcel of land located to the southeast of Willamina in Marion County, Oregon.

This funding partially fulfills commitments made in the 2010 “Willamette River Basin Memorandum of Agreement Regarding Wildlife Habitat Protection and Enhancement between the State of Oregon and the Bonneville Power Administration”. This is part of BPA’s ongoing efforts to mitigate for the impacts to fish and wildlife of the construction and operation of federal flood control facilities in the Willamette River Basin. Placing this property in a conservation easement would provide long-lasting wildlife benefits as part of a growing network of conservation lands in the Willamette Valley by preventing the conversion of fish and wildlife habitat to other land uses.

The Property consists of approximately 91 acres of Willamette Valley riparian habitat. Once the Confederated Tribes of Grand Ronde acquires the property they will develop a management plan for long-term stewardship of the land. The management plan will be reviewed by BPA and Oregon Department of Fish and Wildlife, and approved by BPA. Prior to funding any management activities on the property, BPA will conduct further environmental review.

Findings: BPA has determined that the proposed action complies with Section 1021.410 and Appendix B of Subpart D of the Department of Energy’s (DOE) National Environmental Policy Act (NEPA) Regulations (57 FR 15144, Apr. 24, 1992, as amended at 61 FR 36221-36243, July 9, 1996; 61 FR 64608, Dec. 6, 1996, 76 FR 63764, Nov. 14, 2011). The proposed action does not present any extraordinary circumstances that may affect the significance of the environmental effects of the proposal. The proposal is not connected [40 C.F.R. 1508.25(a)(1)]
to other actions with potentially significant impacts, has not been segmented to meet the
definition of a categorical exclusion, is not related to other proposed actions with cumulatively
significant impacts [40 C.F.R. 1508.25(a)(2)], and is not precluded by 40 C.F.R. 1506.1 or 10
C.F.R. 1021.211. Moreover, the proposed action would not (i) threaten a violation of applicable
statutory, regulatory, or permit requirements for environment, safety, and health, (ii) require
siting and construction or major expansion of waste storage, disposal, recovery, or treatment
facilities, (iii) disturb hazardous substances, pollutants, contaminants, or Comprehensive
Environmental Response, Compensation and Liability Act-excluded petroleum and natural gas
products that pre-exist in the environment such that there would be uncontrolled or unpermitted
releases, (iv) have the potential to cause significant impacts on environmentally sensitive
resources, or (v) involve genetically engineered organisms, synthetic biology, governmentally
designated noxious weeds, or invasive species, unless the proposed activity would be contained
or confined in a manner designed and operated to prevent unauthorized release into the
environment and conducted in accordance with applicable requirements.

Environmental Checklist for Categorical Exclusions

Name of Proposed Project: Willamette Wildlife Fund: Chahalpam Phase II Property Funding

Work Order #: Project 2011-003-00, Contract # BPA-007521

This project does not have the potential to cause significant impacts on the following environmentally sensitive resources. See 10 CFR 1021, Subpart D, Appendix B for complete descriptions of the resources. This checklist is to be used as a summary – further discussion may be included in the Categorical Exclusion Memorandum.
