

OTHER FINANCIAL / OPERATING DATA

Related to
Bonneville Power Administration

This posting is provided by the Bonneville Power Administration (“Bonneville”) with respect to the several non-Federal debt obligations of Bonneville, including the outstanding bonds for:

- (1) Energy Northwest Nuclear Project No.1 (CUSIP-6: 29270C and 939827);
- (2) Energy Northwest Columbia Generating Station (CUSIP-6: 29270C and 939828);
- (3) Energy Northwest Nuclear Project No. 3 (CUSIP-6: 29270C and 939830);
- (4) Public Utility District No. 1 of Lewis County, Washington Cowlitz Falls Hydroelectric Project (CUSIP-6: 527839);
- (5) Northern Wasco County People’s Utility District (Oregon) North Shore Hydroelectric Project at The Dalles Dam Fishway (CUSIP-6: 666051);
- (6) Port of Morrow, Oregon (CUSIP-6: 73474T); and
- (7) Idaho Energy Resources Authority (CUSIP-6: 451174).

Bonneville is reporting the following information:

From time to time, including as recently as January 19, 2018, Congress has failed to timely enact federal budget legislation which has resulted in the shutdown of many of the Federal government’s operations. Bonneville’s funding and the operation of the Federal System are not affected by the lack of enactment of federal budget legislation.

For further information, please contact Jon Dull at Bonneville, 905 NE 11th Avenue – FT-2, Portland, Oregon 97232, or by phone at 503.230.7544.

The date of this post is January 22, 2018.
